

Stonehouse NDP Survey 1 Responses Final (95 respondents)

Please note that comments which covered more than one topic have been split for the purpose of categorisation.

Q1: WHAT DO YOU MOST LIKE ABOUT STONEHOUSE? (ANSWERED: 93, SKIPPED: 2)

- Respondents most commonly like the fact that Stonehouse has a range of shops and other facilities such as good schools as well as good accessibility with a train station, road links and ease of walking due to being flat, whilst also being a small town with easy access to the countryside and community spirit.

GROUPED COMMENTS

TRANSPORT/TRAVEL

Train

- A mainline railway station
- A mainline railway station
- Access to good transport links, rail
- Access to train is great.
- Being walking distance from a station
- Closeness of amenities such as railway station
- Easy access to rail.
- easy access to Stroud, London etc. by train
- Easy access via train
- good transport links particularly railway station
- Good transport links with train station
- Having a train line to access everything else you need.
- Its access to rail.
- proximity to rail links
- Railway access is the icing.
- Railway station
- Road links
- There is easy travel access with rail to Glos or London
- Train line.
- train link
- train station
- Train Station
- train station
- train station

Bus

- Great bus service.
- Good bus links

Access to motorway/road networks

- Access to good transport links, motorway
- Access to main road links.
- Access to motorway is great.
- easy access to motorway
- Easy access to motorway
- Easy access via motorway
- Good access to motorway network.
- Great location with immediate access to major transport routes
- Its access to motorway

- It's close to the motorway
- proximity to the M5
- There is easy travel access by car along the A419

Transport links (general)

- Decent public transport links
- Excellent transport links
- Good traffic links
- Good transport links
- Good transport links
- Good transport links
- Good transport links
- the convenience of transport links
- Train links
- Transport links

Parking

- cheap parking
- Inexpensive car parking.
- Lots of parking - but could reduce the amount on the high street

Cycling

- Cycle track
- Easy access to town centre can walk or ride my bike there from home. Good for riding my bike and walking in the nearby woods both in Standish and Selsley directions. Can use cycle track to get into Stroud as well and its flat.
- I can cycle along Sustrans route 45.
- The cyclepath along the canal and the old railway

Walking (incl flat/level)

- For a town within quite a hilly area, it's good that Stonehouse is fairly flat which is ideal walking around and for older residents
- As a town it is flat and convenient
- Convenient to get places, flat for walking,
- Easy walking access
- Flat
- Good being able to walk anywhere.
- Good being level.
- I can walk all the way to Stroud along the tow path
- It is mainly flat
- It's on the level mostly
- Pedestrian friendly town centre

Shared space

- I like the Shared Space scheme and find that many drivers give way to pedestrians more often now.
- The shared space.

COMMUNITY

- A great community. Very good for us, as we are older but have moved here recently.
- All my family and friends. Stonehouse is a good community to be part of.
- Community spirit
- Community Spirit
- Community spirit
- Everyone knows each other.
- Family orientated community
- Friendly

- Friendly atmosphere
- Friendly churches.
- Friendly market town
- Friendly people, (local shops) and a sense of community
- Friendly shopkeepers
- Good community events
- Good community feel
- Good neighbourly spirit
- Goodwill evening.
- Great community
- Great community with a wide range of people
- It has a real sense of community
- It has a real sense of community
- It's a small friendly community.
- Its friendliness and sense of community
- It's not too big so you know a lot of the people, even if you didn't originally come from the area.
- neighbourliness
- Neighbourliness
- People friendly,
- Really friendly,
- Reasonable community spirit.
- Social groups e.g. music, history, WI, WEA, health walks etc. etc. Friendly people. Just had lost purse handed in complete, good news story!
- The community,
- The diverse community
- The diversity of communities.
- The fact that there is a sense of community. It has been a great place to bring up by children.
- The feel of a village type community
- The friendliness of the people and the feeling of living in a town with a real community spirit.
- The friendly atmosphere in the shops in town.
- The friendly people and shopkeepers.
- The friendly people The feeling that people care about the town
- The people
- The people
- The people, excellent community spirit.

AMENITIES

Shops/High Street

- A compact centre with lots of independent traders
- Amenities within walking distance such post office
- Closeness of amenities such as shops, banks, Post Office
- Convenience of shops,
- Convenience of the shops.
- Decent local supermarket and banks; well stocked post office;
- Easy Access To Shops
- Everything on High Street
- Good range of facilities, i.e. shops, fuel station and food outlets.
- Good range of shops (butchers, bike shop, hardware), new high street
- Good range of shops.
- Good selection of shops,
- Great shops that I can walk to,
- Has everything you need - shops etc.

- High Street Shops
- Hurns hardware
- It has a good selection of shops where you can buy most things locally,
- It has most things you need within a small area - variety of shops & takeaways
- It's also nice that the town has a majority of independent shops as opposed to so many large national concerns.
- Local shops
- Local shops and restaurants
- Local shops near hand
- Most of the facilities I need readily available. Lovely post office.
- Nice little shops
- One or two good eating places
- Reasonable range of shops
- Services, i.e. petrol stn, opticians, banks, community centre, popular pubs
- Shops
- Shops - especially the great independent one. The butcher with 20-odd sausage flavours is amazing.
- Shops & services locally
- Shops are all you need.
- Small shops
- Small Shops
- Stonehouse has everything ... good customer service in its variety of shops, its own Post Office and Banks plus, plus, plus.
- Stonehouse town has a good mixture of independent shops, Whole Hearted, Fruit & Veg shop, Hurns, Tarmac & Trail, Delta 9 and Abigail Crafts. I like the charity shops. The Post Office and the Co-op are also my favourites as well as the restaurants (and all are handy to walk to or cycle.)
- The friendly town centre with its independent shops all located along a level High Street served by good car and inexpensive car parking.
- The high street is much better now it has been improved.
- The High Street,
- The High Street,
- The range of shops,
- The range of shops, the Post Office still being open
- The shopping convenience
- The shops
- The Tudor Tandoori! Hurns hardware. The Greengrocers.
- The variety of services and shops available in the High Street
- The variety of shops, facilities
- Varied High Street.
- varied shops,
- Variety of shops in High Street, especially Broomhalls and Hurns. Library.
- Variety of shops,
- Welcoming High Street amenities

Schools

- Closeness of amenities such as schools
- Excellent schools
- Good schools
- Good schools.
- Has everything you need - schools etc.
- High achieving schools
- Very good primary schools
- We have good schools in Stonehouse
- We love the brilliant Children's centre and Infants
- Wycliffe College

Health facilities

- Amenities within walking distance such as doctor, pharmacy
- Has everything you need - dr dentist chemist etc.

Other/unspecified amenities

- All the facilities you need.
- Close to local amenities
- Excellent Children's Centre, the library, a dance school, Youth Football club.
- Good amenities
- Having a wide range of amenities on your door step, (and then having a train line to access everything else you need.)
- It has almost everything I need (facilities)
- It has most things you need within a small area
- Its convenience, having all the facilities one needs
- Lots of amenities within easy reach. Very good for us, as we are older but have moved here recently.
- The facilities
- Varied local services

GREEN SPACES

Countryside

- Beautiful countryside
- Close to countryside for walking.
- Country walks
- Countryside
- Doverow Hill
- Doverow Hill
- Easy access to countryside
- Easy access to countryside for walking
- Easy walk access to edge of Cotswolds
- Good walking areas
- Great location with immediate access to countryside
- It's close to beautiful countryside
- Just far enough from the bigger shopping centres but close to the countryside.
- Lovely countryside
- Never far from countryside
- Never very far to country walks
- Not too far from the countryside
- Proximity to countryside
- River Frome
- Surrounding countryside,
- The area around Stonehouse is lovely and easy to access on the Cotswold way walking or up into the woods either Standish or Selsley way.
- The surroundings.
- You can see the countryside from here.

Canal

- Canal
- Canal project
- canal restoration
- That lovely canal path
- The canal

- The canal is beautiful and I like the easy access with the upgraded paths.

Views

- Great views ,
- The views!
- The views,
- Views

Town greens/unspecified green spaces

- Green spaces
- Green spaces;
- Plenty of green space
- Some nice green spaces.
- Town Greens

Playgrounds/recreational areas

- Children's Play Areas
- Good recreational areas.
- Parks
- Plenty of playing space and games pitches,
- The playgrounds are well placed around the town

HERITAGE

- Historic Buildings
- Interesting history

APPEARANCE/MAINTENANCE

- Flower/hanging baskets in summer
- The Council works hard to make it look cared for - e.g. the flower baskets in summer and seasonal events.
- The High Street improvements and tree planting has given a major boost to this area and noticeable local shop keepers smarten up their shop fronts.
- The tree lined high-street.

SAFE

- Not too much crime and antisocial behaviour.
- Safe place to live

ECONOMY

- Job and employment opportunities
- Plenty of high-skilled engineering jobs
- The fact that it's a working town rather than a Cotswold tourist attraction.

SIZE OF TOWN

- Being a small town
- Doesn't feel like a large town
- Good size community
- I like the feel of living in a small ordinary town
- The fact that it is a small town
- The size of the town
- The small scale of the town and being able to walk to the shops, the park, up Doverow Hill and to see my friends.

LOCATION (GENERAL)

- Great location
- Location

- Great location

OTHER

- It's an OK place to live, not pretentious.
- Local feel
- My 40ft garden
- The potential the town has to be a Cotswold gem with considerate future planning
- Not a lot
- Wish people would keep to 20mph speed limit.

Q2: WHAT DO YOU MOST DISLIKE ABOUT STONEHOUSE? (ANSWERED: 94, SKIPPED: 1)

- Respondents most commonly dislike the volume of traffic (particularly through the centre of town), as well as the speed bumps (e.g. damage caused to cars), inconsiderate parking (e.g. on pavements) and the shared space scheme which some feel does not work. Many also dislike the lack of shopping variety on the High Street with too many charity shops and takeaways and the lack of a good pub/restaurant, while several commented on the litter, dog mess, graffiti and vandalism.

GROUPED COMMENTS

TRAFFIC

Amount of traffic

- All the traffic in the High Street
- Amount of traffic caused by too many local people making so many short journeys
- Congested roads both through the centre of town and the A419 at peak times.
- Congestion from the M5 link
- Heavy traffic through middle of town.
- High volume of through traffic.
- The access from the motorway to Stonehouse in rush hours. It can take me 20 mins to get from the motorway to oldends lane.
- The amount of commuter traffic that uses the High Street both am and pm to shorten their route to Stroud and beyond. Even with the road humps (which can be very noisy) the commuters are not discouraged.
- The amount of traffic
- The traffic
- The traffic in the main street
- The traffic that uses the High Street as a rat run to the M5
- The traffic through the high street
- The volume of traffic going through the town
- Through traffic
- Too much traffic
- Too much traffic through the centre
- Too much traffic through town.
- Traffic
- Traffic
- Traffic
- Traffic
- Traffic
- Traffic
- Traffic down the main street
- Traffic esp on 419
- Traffic in high street
- Traffic through town on B4008 since the opening of Junction 12
- Traffic.

- Way too much traffic passing through

Speed bumps

- High Street speed bumps, we just need Priority to oncoming traffic type pinch points to deter the rat run traffic to/from Junction12 M5
- Speed bumps - expensive garage bills to repair damage. I go over them slowly but they still take their toll due to frequency coming to work in Regent St daily
- Speed humps and traffic calming
- Speed humps!!
- Stupid speed bumps all through the town and the way the layout is in the high street, people think they can walk out in front of any vehicle and we have to stop, also pulling out from the Co-op is an absolute nightmare
- The High Street improvements and the plethora of quite unnecessary speed humps throughout all areas of the town
- The location of the speed bump near the end of Queen's Road makes it more hazardous for cyclists, not less.
- The speed bumps (far too many on the high street) do we really need so many?
- The speed bumps in the High Street cause driving problems and have not dissuaded through traffic as hoped.
- The speed humps
- Too much traffic calming.
- Traffic calming speed humps. There are far too many & are too steep, damaging cars of Stonehouse residents who have to go over all SEVERN just to get to work. There are many people who have got damage due to these waste on Stonehouse money bumps.

Shared space scheme

- Disappointed that 'shared space' doesn't feel like 'shared space'
- Gloucester Road is not speed controlled! The shared space doesn't work.
- I feel there was a missed opportunity to have real shared space within Town.
- Shared space scheme in the high street
- The dreadful traffic management at the Post Office end of the High Street, along with the failed attempt to provide shared street use at the Co-op end. It hasn't worked!
- The not working/being clear of the 'shared space'
- The road system in the centre of town which isn't working
- The shared space!
- Town messed up since new "sharing" was done.

Inconsiderate parking

- All the parking on the roadside
- Cars parked on pavements.
- Commuters using residential streets as a free car park instead of using the train car park
- Driving through the High Street which is an absolute nightmare with all the parked cars
- Parking on pavements and double yellow lines and across driveways
- Parking on the "No Parking" outside the Co-op
- Poor parking policing.
- The lack of enforcement of parking regulations at peak times making the high street a severe choking point at peak times every day.
- The parking.
- The way that all the parking outside the shops makes it dangerous for pedestrians. It is quite scary on the bus sometimes. I am surprised no-one has been killed.
- Traffic cones outside house at end of Burdett Road even though they have parking and garage stopping people parking on the road in a safe place so they park across the entrance to the station.

Lack of parking

- Lack of disabled parking
- Lack of parking

Other traffic issues

- I wish that the Shared Space scheme could be extended along all of the High Street and that 20mph would be introduced all over town to make it safer for pedestrians, bikes and children in pushchairs.
- People driving over the pavements in the High Street now the curbs have been lowered - even if there are pedestrians on the pavement!
- The changes to the High Street, trying to pull out from Laburnum Walk is horrendous
- The dangerous road and confusing signage, very tight carriageway.
- The high street EVERYTHING about it but mainly the main road through. They have ruined that high street. I do everything I can to avoid it.
- The 'new' High Street design - waste of money. I have yet to meet anybody who approves of this!
- The parking spaces on the high st either side of the entrance to the coop car park access rd block vision of drivers & are extremely dangerous.
- The state of the road surface on some of the roads.
- The way highways seem to use the town as a test ground.
- Traffic speed (outside high street)

TRAVEL

- Have to travel (to Stroud, Cheltenham or Gloucester) to go out.
- Lack of easy public transport to Cheltenham and Bristol
- Not being able to catch a train to Bristol without travelling to Gloucester or Swindon first or having to travel to Cam & Dursley.
- The Bristol line railway should be re-opened so that one does not have to go to Glos or Swindon by train to get to Bristol, or travel 5 miles to Cam & Dursley.

AMENITIES

Lack of shopping variety

- All the take-aways in the high street; lack of decent coffee shop, variety of restaurants.
- Co-op and its over priced non stocked items
- Lack of a shoe shop,
- Lack of nice shops, too many charity and food take a way
- Loss of essential shops like stationers & newsagents, with too many gift, charity, and financial services shops in their stead.
- Missing some essential shops like a bakery.
- No Farmers' Market
- Poor quality and range of shops and cafés
- The lack of quality shops and the proliferation of charity shops.
- The lack of some shops and businesses such as ones that sell things like office stationery (I run a small business and that would be useful) or a business that fixes things like a shoe mender (but perhaps that is a bit old-fashioned).
- the shops
- There are not the right shops. It could be a GREAT little town if we has a selection of all the shops we need. We need cheap shops (yes, sadly they will be un-ethical) as this is largely a poor community - the middle classes can shop in Stroud). Less evening eateries, better community/hangout with a coffee cafes, a cafe like that for the evenings, shoe shop, clothes shop (a small Primark and a small Tesco would be perfect).
- Too many charity shops
- Too many charity shops
- Too many charity shops - makes it feel cheap and scruffy Too many coffee shops - how do they all survive?
- Too many charity shops.
- Too many charity shops.
- Too many charity shops. No bookshop. No central Market Square.
- too many fast food places
- Too many food shops
- Too many take aways
- Too many takeaway outlets.

Lack of good pub/restaurant

- Lack of appealing restaurant/pub
- Lack of restaurants (other than curry houses - which are very good) - more variation needed.
- Not much choice of pubs.
- Nowhere to eat out
- The lack of pubs and restaurants
- The two pubs are bad.

Other amenities

- Lack of facilities for youth and children.
- Loss of community facilities
- No banks open on Saturday.
- no police station and now maybe no post office this should be kept where it is now not go to into the coop
- Not much night life.
- Now we have a skate park which is great, but we need a smoothie bar or something for the older youth to hang out.
- Reduction of community facilities - play area at Perth, old youth club etc.
- The community centre seems very under used with few clubs or societies.
- The library should be open longer and be re-furbished.
- The way the council wastes money and instead Nailsworth and Dursley get things that we don't. I went to the youth club and my nan loved going to things at the Subscription rooms, but they have both gone and so have other places where I used to go and so did my family. These places should have been saved for the community and the council should stop wasting money and help rebuild.
- Too many housing estates and not enough amenities, class sizes in schools are too big.
- We are losing too many amenities and we are taking the brunt of most of the new housing in the area. We don't seem to get anything back in return. We have lost the police station, the youth club/Church hall and we are going to lose the library - disgusting!

CRIME/ANTISOCIAL BEHAVIOUR

- Antisocial behaviour - particularly on the Station at the back of my garden.
- Graffiti esp white paint on brickwork, work boats moored on wharf - tatty and parking issues.
- Litter, young people behaving crudely
- Magpies social club drug dealer next door the skate park on oldends lane as well as the youth club. The groups of kids The amount of violence on people for such a small town.
- The amount of vandalism and graffiti
- Vandalism is very dispiriting and deters people from making improvements

LITTER/DOG MESS/MAINTENANCE

- Dog poo all over the pavements
- Dog poo on pavement
- Green area at top of Stagholt Lane always covered in dog faeces and is used at a dog exercise area.
- Litter
- Litter, chewing gum on the pavements and occasional dog mess. However, these are all minor when compared to the potential blight of a huge incinerator.
- Muddy unkempt pathways, dog fouling
- Overgrown hedges obstructing the public pavement @ Blackwell Close
- Tatty bits and litter
- The dirty and stained pavement outside the Nippy Chippy.
- The enormous increase in dog poo not picked up by dog owners on pavements and in playing fields. I'm sure this problem is caused by a few irresponsible people and am aware of the difficulty of pin pointing such people.
- The litter dropped everywhere.
- The litter everywhere
- The number of irresponsible dog owners who leave public footpaths and public greens covered in dog poo. Equally as annoying are the fly tippers who are making eyesores of some beautiful areas.

- The piles of rubbish bags at the end of Burdett Close that have been there since the end of August when the woman moved out of the house with the carport in Burdett close.

APPEARANCE (OTHER)

- Scruffy areas - e.g., old church hall, old railway line, current rail station
- The design and ugly design of dairy crest building
- The eyesore that is the old youth building

DEVELOPMENT

Factories

- Excessive factory development
- Factories
- Factories
- That it is becoming too industrial

General

- Getting too big
- I dislike that we are now a conurbation of Stroud since Fox's field was built on.
- Threats of large building schemes nearby so it will eventually join up and stop being small and friendly.
- Too much pressure for building on green fields
- We are losing the remaining greenfield sites on the outskirts.

OTHER

- Difficult to meet people my age (25 - 35)
- Having only lived in Stonehouse for less than two years I haven't discovered anything yet that I dislike.
- I dislike the predominance of old people in electric buggies and teenagers with babies - there doesn't look to be much in the middle. I think middle class people either choose to live somewhere else or those that do live in Stonehouse choose to shop/visit other towns like Stroud farmers market, or Bristol Cheltenham
- Lack of trees in some areas e.g. Meadow Road
- Peoples' attitude towards it - living in Stroud's shadow
- Quarterly, shiny Stonehouse news - would rather have a more basic, up-to-date newsletter a lot more frequent. More details of what is going to happen in the town rather than reporting of everything which has already happened.
- The fact that its residents don't always appreciate what they have. Use it or lose it.
- The front of Park Schools where parents stand around smoking and shouting at their children
- The high street
- The magpies
- The negative attitude of a small but significant number of local residents to any change.
- The number of people using the Food bank now.
- The people
- There's not a lot to do and there is no job prospects which is why it has earned the nickname "Benefit town"
- Wycliffe Having a Tory MP

Q3: WHAT DO YOU THINK ARE THE MOST IMPORTANT ASSETS IN STONEHOUSE? (ANSWERED: 93, SKIPPED: 2)

- **The most important assets to respondents are the shopping facilities (e.g. range of shops, independent shops, Co-op), other amenities such as the post office and schools; the train station; the community (people, community groups/activities etc.) and the rural surroundings (countryside, green spaces, canal).**

GROUPED COMMENTS

TRANSPORT/TRAVEL

Train

- Good links via railway.
- Good transport infrastructure including mainline railway station.
- Great train links
- Rail links
- Rail station
- Railway station connecting Stonehouse to London
- Station
- Station
- the mainline railway station
- The railway station
- the railway station
- The station
- the station
- the Train station
- The train station
- The train station giving access to Gloucester/Cheltenham and to London.
- The train station, with direct services to London.

- Train Station
- Train Station
- train station
- Train station industry close by
- TRAIN STATION!!!!
- Train station.

Bus

- Good bus links
- good bus service to Gloucester and Stroud
- Good links via buses
- Good, regular bus routes.
- Regular buses
- (With better bus times and free parking more people might come to Stonehouse to shop.)

Access to motorway/road networks

- Access to the M5
- Great road links

- It's close to the motorway
- road links
- The easy access to the motorway

Transport links (general)

- Good communications to the wider area.
- transport links
- Transport links
- Transport links
- Transport links

Parking

- Cheap parking
- Cheap parking.
- (With free parking more people might come to Stonehouse to shop.)

Cycling

- Cycle track.

Flat (for walking)

- A flat High Street
- Flat wide streets
- Flat, accessible
- it flat
- Level High Street
- That it is has a flat high street.
- The majority of the Town being on the flat makes it popular.

Other

- shared space
- Traffic calming through town.

COMMUNITY

- community activities
- community organisations
- community strength
- diversity of people
- Events like the goodwill afternoon/evening.
- feeling of community
- Good community links with local schools
- Good mix of clubs and activities.
- 'Have a go' and neighbourly people
- history group
- Its people.
- Its people. It is an all-age community and friendly.
- lots of things going on in the community, mostly as a result of people giving their time up for free (For example STYFC)
- People
- People
- People
- The local people
- The number of churches and the events they run to bring the community together.

Countryside

- access to countryside
- Close to the countryside.
- countryside
- Countryside
- countryside,
- Doverow Hill

- Doverow Hill
- Doverow hill.
- Fauna and flora.
- Scenic area which can be enjoyed for leisure.
- Surrounding Countryside
- the beautiful countryside
- the surrounding natural environment

Canal

- Access to the canal
- canal
- Canal
- Canal
- Canal
- Canal corridor for leisure for all.
- Potential in the canal restoration.
- The canal
- The canal
- The canal - still to be exploited properly for the benefit of the town.
- The canal the tow path is good to walk along and when more boats use it they could bring tourism and trade to Stonehouse.

Views

- long views to Cotswolds
- The surrounding vista

Green spaces (unspecified)

- Green areas
- Green space.
- Green spaces
- Green Spaces
- Green Spaces
- open spaces
- Public greens.
- The green areas
- The location and proximity to the green belt.
- The many green spaces
- Town Greens

Parks/playing fields

- Good well equipped parks
- Our lovely parks
- Parks
- Parks
- playing fields
- The parks

Trees

- Some of the stunning Old Oak Trees around town
- Trees

- The trees within town

Walks

- Good walking
- Good walks

HISTORICAL BUILDINGS

- Attractive buildings
- Churches
- churches
- Local churches for aesthetic looks.
- memorial buildings
- St Cyrs church
- war memorial

EMPLOYMENT

- Factories for jobs.
- opportunities for employment,
- Quite a lot of industry and businesses employing local people
- the industrial estates providing employment
- The Oldends Lane Industrial Estate
- Local businesses.
- Its businesses. But that is double edged, No businesses no Town but then no Town would mean no businesses. And then you have the Towns people. You need it all, and it must be convenient.

COUNCIL

- Great time council.
- Strong Council
- Town Council representatives

SIZE

- It's a small town
- The size - big enough but not too big.

LOCATION (GENERAL)

- Central location
- Location
- The location on the edge of the Cotswolds

OTHER

- Safe place to live
- The choice of varied housing
- The village atmosphere
- Nothing

Q4: WHAT ADDITIONAL FACILITIES WOULD YOU LIKE TO SEE? (ANSWERED: 90, SKIPPED: 5)

- **The additional facilities which respondents would most like to see are a better variety of shops along with better pubs and restaurants; a good community centre, youth facilities, swimming pool and other sporting facilities; the Bristol line train station reopened; more green spaces (including allotments); and measures to tackle traffic issues such as parking and traffic speed/volume.**

GROUPED COMMENTS

TRANSPORT

Bristol line train station reopened

- 2nd railway station on Bristol line
- A station on the Bristol line.
- Bristol Line station
- Bristol Road Station Reopen
- Bristol Road train station opened.
- Old Station on the other line reopened
- Reinstatement of railway station on Bristol line.
- Station on Bristol line
- Station on the Bristol line
- Station on the Bristol Line.
- The restored railway station on the Bristol line.
- The station at Bristol road useable.
- Train station for line to Bristol.
- Train station to connect Bristol and the South West.

Better rail links

- Better rail links to Bristol
- Better train services
- I'd like to see a train link to Bristol

Better facilities at train station

- A better equipped station with a proper waiting room.
- A covered area on the Station platform
- A larger Train station car park
- Decent facilities on station

Better bus service

- Better bus services
- Evening buses into Stroud

Better cycle access/facilities

- Better cycle access for children to and from school to lessen the need for parents to drive them.
- Cycle way along the canal
- Family friendly cycle routes W of the town to link with Gloucester cycle way/Saul (i.e. avoiding the need to negotiate the 'Starbucks' roundabout if heading towards Whitminster/Saul).
- More bike racks and cycle lane/paths

Other

- Better link between the canal and the High Street
- Stagholt lane to be surfaced.
- Stocks to be installed on the green to hold persons responsible for obstructing pavements by overgrown hedges.

TRAFFIC

More/better parking

- More disabled parking
- More free parking, just for 1 hour!
- More on-street parking
- More penalties for motorists parking at the end of Queen's Road.
- Parking
- The roads clearly marked so unsuspecting motorists visiting the town are not rewarded by being booked. The present system is a farce
- Traffic enforcement. Car parking for drop off/collection at the park schools. The old youth club is ideal

Address traffic speed/volume

- 20mph throughout Stonehouse.
- A better layout to the High Street with reduced rat run traffic.
- A sensible approach to reducing traffic in the high street
- Full pedestrianisation of the whole High Street to discourage cars
- More traffic calming
- Speed cameras and remove the terrible speed humps
- The high street put back to how it was.

More shared space

- A continuation of the shared space with more trees.
- More shared space.
- Shared space all along the High Street.

SHOPS

Better variety of shops

- A broader selection of shops to include stationers & newsagents.
- Another chemist so the existing one has some competition, as their service is really poor.
- Book shop, proper jewellers,
- More clothes shops
- More investment in attracting shops/businesses to the town centre.
- More shops not Cafe's and Take Aways
- More shops that are not take aways, hairdresser.
- More variety in shops
- Posher shops and food outlets/monthly market;
- Quality shops
- Regular market including food stalls.
- wool shop,

Shoe shop

- Good shoe shop
- Shoe shop

Shoe repairs

- cobblers
- Shoe Repairer

Good bakery

- A good bakery
- A good bakery.

Another supermarket

- A major supermarket closer than Stroud or Gloucester
- Another supermarket co-op needs competition expensive.
- Another supermarket in the area so the Co-op has some competition and they might lower their prices.
- Another supermarket maybe to give competition to Co-op which I feel is overpriced and tend to shop elsewhere.
- Tesco

Other shops

- Larger Coop in town centre

EATING & DRINKING

More/better pubs

- A "family pub" towards the other end of town from the Woolpack
- A decent pub
- A decent pub for families preferably where you can eat at a reasonable price.
- A 'family' pub for eating out- something like a Harvester/Toby Carvery with affordable priced food and drinks.
- A good pub (the 2 we have are average)
- A nicer pub restaurant in the high street.
- A pub near the canal.
- Another good family pub with Beer garden
- Better pubs
- Better pubs would be nice!
- Good pub
- More pubs (a spoons type thing to attract more young people would be great)
- Pub by the canal.
- Pubs
- Quality pubs

More/better restaurants

- A better range of things to do in the evening, including a greater variety of restaurants
- A decent restaurant.
- A restaurant using local produce
- Another good restaurant
- Better restaurants
- Good restaurant
- More variety of eating places - an Italian for example.
- Quality restaurants.
- Restaurants

More/better cafés

- A decent coffee shop (like Star Anise or Black Book cafe in Stroud)
- A specialist coffee shop
- It would be nice to have a nice coffee shop with good seating. I would not dare mention the word 'Costa'.....!
- Memory Café
- There isn't a more "sophisticated" "cool" cafe.
- Tourist information/café/crafts on Ship Inn site

COMMUNITY FACILITIES

Community centre

- A bigger meeting hall.
- A community building that could be used fully by all residents and would be reasonable cost to hire. Somewhere for art exhibitions on a regular basis.

- A large community hall - community centre too small for a big gathering and the old church hall was no better. Somewhere like the old Travelscope yard for goodwill and carols.
- Another big meeting hall. Town Hall is restricted space, Community Centre is booked up. Schools not always easy to access. Library being run down.
- Another community building with large rooms available for hire.
- Another community use hall
- Better Community facilities
- Community Centre
- Community venue with good acoustics that anyone can hire theatre
- Flexible community space for music, drama, conferences, parties.
- Integrated facilities for all sports with large indoor hall and modern community club house
- More place for activities. My neighbour goes to an art class out of town because she couldn't find one in Stonehouse. So an arts centre would be good and a place for families to do things together
- The development of the Ship Inn Site for the community, a new community hall
- The re-opening of the community building in Elm Road.

Entertainment facilities

- a music venue
- A new cinema and a theatre for drama and musical events.
- A venue for parties for hiring with a bar
- Locally run film club
- Social facilities
- Venue for shows, plays and concerts (or better use of existing venues at Maidenhill and Wycliffe)

Youth club/youth facilities

- A real youth club
- Large youth complex.
- More facilities for kids.
- More for children to do.
- More for families. I would like to see a place where arts and crafts activities for children and families could be held regularly, for pre-school children and children at school. I sometimes take mine to these sorts of things in Stroud, but the bus costs a lot and I would rather go somewhere we can walk to. A community cafe with a place for parents to get advice on things that interest or worry them. Close to the schools would be good.
- More for the kids, the new youth clubs going to be far too small and we have no real social clubs to have social parties in as the Magpies is falling apart which doesn't attract anybody in to the town
- Save the Youth Club!
- Somewhere for the "youths" to hang out rather than on the street around the war memorial
- Youth Centre again
- Youth Club

Better library

- Better library
- It would be great if the library opened for longer, was more central and had more facilities like access to the internet on more PCs (I know that it has access to the internet already).

SPORTING/LEISURE FACILITIES

Swimming pool

- A swimming pool that would be open to public all the time.
- A swimming pool at Oldends lane would be good.
- A swimming pool!
- Swimming pool - or use of Wycliffe's pool?
- Indoor Swimming Pool

- A swimming pool would be out of the question I suppose! If Wycliffe could be encouraged to let the Town have use of its pool - I am sure that would be appreciated.
- Proper sports centre that can be open not only out of school hours and with a swimming pool.
- swimming pool

Tennis courts

- Access to tennis courts.
- Tennis court(s)
- Tennis courts,

Other sports facilities

- A gym facility run by the residents with profits going into the upkeep of the place and equipment.
- A sports centre that would be open to public all the time.
- Athletics Track
- Leisure centre
- More community facilities for all ages to use - the new youth centre and skate park are great for the kids, but what about the rest of the community.
- more variety of sports facilities
- Opportunity for more sports, either within the Comm Centre or outdoors - bowls for instance
- Outdoor exercise area in playing field at rear of Hazelwood.
- outdoor gym
- sports stadium
- the development of additional sporting and recreational facilities at Oldends Lane and Stagholt,
- The Ship Inn site developed as a tourist attraction to bring people to the town but also as a community sports and leisure resource and interpretation centre related to the canal

Green spaces

- A community green space on the Ship inn site with a visitor centre and refreshments and a turning point for the boats, this would bring people into Stonehouse and improve the High Street footfall.
- A peace garden where people can go and be restful.
- Better green spaces with families in mind.
- Better kept green areas
- Community fruit orchard.
- community space by the canal
- More recreational facilities e.g. a park with trees and perhaps a pond.
- The area near the old Ship Inn site developed to help tourism and as a place to sit and enjoy the canal and the view to the surrounding hills. Not built on with more housing.

Allotments

- Allotments please! - and ones that I have a chance of getting even though I'm not retired and work for a living.
- More allotments and better used allotments
- More allotments and shed facilities for all plot holders.

OTHER FACILITIES

Police station/police

- Police station
- More police

Other

- Hospital Fire station Ambulance station
- NHS DENTIST
- Full time CAB

OTHER

- A Market Square
- District heating system powered by renewable energy
- More trees
- Recycling bins in the high street
- Save the Spa.

NONE

- None
- None needed

Q5: WHAT OPPORTUNITIES FOR IMPROVEMENT CAN YOU SEE? PLEASE BE AS SPECIFIC AS POSSIBLE. (ANSWERED: 86, SKIPPED: 9)

- **The most commonly suggested opportunities for improvement concerned traffic, rail, community facilities and the development of disused sites. Many respondents would like the parking situation to be addressed in the town (e.g. less roadside parking) and improvements to traffic calming and the shared space scheme (some are in favour of these measures while others are against), as well as measures taken to address traffic volume. Many would like the Bristol line train station reopened. It was also felt there was an opportunity to develop disused sites to provide better community facilities such as a community centre, youth centre/facilities and sports facilities, with sites such as Oldends and Elm Road commonly mentioned.**

GROUPED COMMENTS

TRANSPORT

Reopen Bristol line train station

- I think Bristol Road train station would dramatically change Stonehouse, making it a much more desirable place to live and for businesses to open. I think the make up of Stonehouse would change, giving it a better balance by attracting more professional people.
- Opening up the station on the Bristol-Gloucester line or a bus link to Cam & Dursley station.
- Rail station re-opened on the Bristol line.
- Re-opening of other railway station for links to Bristol.
- Reopening of the station to Bristol.
- Second rail line with links to Bristol would be a bonus.
- SW (Bristol) rail link.
- The opening of a railway station to access the line to Bristol.
- The re-opening of Stonehouse Bristol Road station.

Better train services

- A train direct link to Bristol and more frequent train services to Gloucester/London.
- Negotiate a better train service

Improve train station facilities

- Keep train station with covered areas.
- The town council is already making improvements. I would like to see a station adoption group and a much improved station.
- Tidy up the railway station - influence network rail to 'get on' with the new waiting room and keep the tracks clear of debris

- Train station should have be improved. Better office and more stations that can be reached from Stonehouse.

Transport - other

- A way to link the canal to the Town Centre.
- More buses to Stroud and Gloucester.
- More places to lock up bicycles under cover would encourage more people to cycle.

TRAFFIC

Parking

- Better parking policing.
- Free car park for the 1st hour, more expensive than current price for long stay. in line with Nailsworth, Painswick etc.
- Free parking in town centre car park (like other small towns in the district)
- No parking just out of regent st as it is too difficult and dangerous to pull out when vans are parked on bath rd near the regent st turn. Pavement is also too narrow along there.
- Parking restrictions clearly marked on the roads, the system at present is for a pedestrian area not a main road
- Remove parking from the kerbs it should only be for disabled use.
- Shared space yes but not parking on the side of the road
- Shared space yes but not parking on the side of the road
- Stop the parking in Oldends Lane outside the Shrubberies School.
- Stop the parking outside the Co-op and further down the road. You cannot see when pulling out of the Co-op into traffic, left or right.
- the car parked along the road and not being able to cross the road unless you cross on the crossing also to many humps in the road this does not slow the traffic up
- The side road parking outside co-op and the butcher should be stopped as visibility is very poor when pulling out of the co-op.
- Traffic and parking needs to be addressed. As well as being a small town it is also a through fare for lots of traffic. Bad parking & lack of enforcement makes it a dangerous place.

Shared space

- An extension of the shared space would be great: it looks good and works quite well but could be even better.
- Be bold and give more visibility to the shared space.
- Extend shared space
- Get rid of the shared space.
- I would like to see the second phase of the High Street development pushed through (the Post Office and Regent Street end) as I liked the look of it, although I remain unconvinced about its potential to change the behaviour of motorists.
- Make the High Street a road again without the confusion.
- Making the 'shared space' work, f.e. restricting the traffic through town, making it clear what a shared space means. being cycle friendly, have specific and clearly marked cycle ways tackling the litter, providing more bins, cleaning it up
- Somehow making the new traffic calmed area into real shared space.
- The completion of the High Street through to Regent Street as originally planned ensuring true shared space is delivered.

Traffic calming

- 20 mph limit on the residential roads
- extend traffic calming measures
- Get rid of the speed bumps and bring back double yellow lines
- Remove at least 50% of the speed humps in the High Street and Bath Road
- revert our high street back to pre humps days and forget pie in the sky ideas it's a small town with no bypass
- Some kind of traffic control on Gloucester Road. It's an accident waiting to happen.
- Something to control the traffic at junctions with the High Street. Maybe speed cameras

- Speed bumps in Woodcock Lane especially by Maidenhill School.
- The humps removed
- The speed humps to be lowered in the town centre as one needs to be driving at under 15 mph not to bump over them.

Traffic volume

- Ban on lorries through town
- Divert traffic from Town Centre
- Less traffic
- Less Traffic
- Make the high street wide enough for 2 cars to pass when there are cars parked in the bays. This will seriously reduce congestion at peak times.
- Reduce thro traffic get it back onto the A419
- Signs to stop HGVs driving through the town as it happens too often.
- Sort that main road through out!!!! It is dangerous, unclear, too confusing for children trying to learn the green cross code, most cars do not stop to let pedestrians cross - better signage needed if it is to stay!
- Traffic lights for junctions with B4008 - Oldends Lane, Elm Road, Regent Street and maybe car park/Co-op.

Traffic – other

- Improve drains by the speed humps - some are collapsing especially by the college chapel and Bethel church - and fix the edging stones which are loose and bounce under traffic.

RETAIL

Better range of shops

- Encourage better mix of retail
- Less charity shops.
- Maybe a community cafe on the high street
- More scope for retailers i.e. lower rents for greater variety of shops e.g. clothes etc.
- There are too many charity shops & take aways - more should be done to encourage quality retailers. We don't need 2 fish and chip shops, 2 Indian restaurants, 2 Chinese take aways. We do need a decent pub, a cafe, a bakers and a book shop.

Market

- A farmers market? It's done wonders for Stroud
- A regular farmers market.
- Development of the Market Square outside the post office.
- Market for locally produced goods for individuals and small businesses

Pub

- Maybe a revamped Globe
- Spa Inn kept as a pub,
- The globe Inn turned into a pub with a really good restaurant that attracts families and people to eat there.
- The pubs are opportunities for some go-ahead business brains to provide quality restaurants - Stonehouse Court is fine but a bit far out for walking drinkers.

COMMUNITY/LEISURE FACILITIES

Community centre

- Community facilities along the canal.
- Community transfer of old youth club
- Ideally have a new community building with meeting hall, library, information office etc. to replace the old Church Hall.

- Improvements to the Community Centre to provide better premises for events and clubs, and means of contact at longer times
- New community centre in the old youth club which could be a venue for film screenings, live music etc.
- Old youth club site by Park Junior School to be refurbished and available for community use again.
- Redevelopment of Elm Road as a community facility
- Revamp the community centre - incorporate the library with a coffee shop and arts centre.
- The Elm road youth club developed into a facility that can be used by the schools and children's centre. And by other services in the area
- The land next to the High Street surgery and car park could have community building on it which would be easy access to all. Or a community centre on Oldends playing field.
- To open up more facilities for use by the whole community. The loss of the Elm Road Youth Centre which was used by more than just the Youth Club was a big loss to the Town.
- Upgrade facilities in sports building in Oldends Lane. This might give opportunity for music venue.
- Upgrade of community centre

Community events

- Community events that are less charity stall based.
- More social events to encourage community
- Use of Maidenhill and Wycliffe facilities for town events

Sports

- A gym facility run by the residents with profits going into the upkeep of the place and equipment. It would join the community with a common interest, bring people to the town and finally make people's lives better by giving them a fresh outlook on life. Giving young people a goal in life through weight training would reduce crime by giving them self-worth and confidence like it has done for myself. Stonehouse has many abandoned buildings and an old youth centre which could be transformed to accommodate the facility.
- An open air gym at Oldends Lane playing field.
- An outdoor gym at Laburnum Walk.
- Leisure centre
- Proper sports centre that can be open not only out of school hours and with a swimming pool.
- The Oldends playing fields put back to how it was.
- The sports field in Oldends Lane should be developed into a major sporting venue by rebuilding the football club as a multi-sport complex and leisure centre to accommodate different sports not only football but things like athletics, tennis, badminton, basketball and a bowling green.
- We have a massive field in Oldends lane where proper investment for decent changing rooms, clubhouse, function room, updating the playing field and also perhaps a multi-purpose all weather pitch or netball court would help to encourage children to get involved in sport and activities local to them.

Youth facilities

- Better children's play equipment.
- Develop the new Youth facilities at Oldends Lane
- Keep youngsters busy.
- More opportunities for children and young people from backgrounds with limited opportunities and aspirations
- More support for young people.
- The old youth club needs renovating and upgrading for the "youth" element of town - they have nowhere to go in the evening (especially if the weather is bad)
- The skate park is going to be a great addition to the town. More sporting facilities for young people would be good: tennis and badminton courts.
- Youth centre opportunity in church hall
- Youth Council to get young people taking responsibility for their own facilities.
- Youth facilities at Oldends Lane

Library

- Consider putting a community library in one of the schools.
- Find somewhere for the library.
- Move library into Town Hall.
- Rehousing the library.
- Somewhere social to meet and have a coffee would be great - great opportunity to move the library to the high street and make it a real social place. 20 mph speed limit should be enforced.

Other community/leisure facilities

- Better use of canal-side location with visitor centre, cafe & walks into & around Stonehouse - & maybe a ferry service into Stroud.
- greater links to Cotswold way and promotion of Stonehouse on the Cotswold way
- Make the schools easier to access out of hours.
- The opening of the canal through to the Sharpness ship canal and Stroud and the tow path upgraded over the full length.

APPEARANCE

- Burying the overhead cables as far out as Woodcock Lane.
- Landscaping of link between the High Street and the canal
- Make the area near the level crossing more attractive.
- More planting down the high street would be great - the trees make a big difference.
- Plant more trees everywhere.

CRIME & SAFETY

- CCTV especially where there has been vandalism / arson.
- CCTV where the yobs gather.
- Restore the police station
- The drug dealers removed
- Widening of footpath between Bristol Road and the Park School (so that it feels safer, especially at night)

DEVELOPMENT (also see 'Community/Leisure facilities' section)

Elm Road Youth Centre

- Develop old youth club site, even if this means houses.
- Developing the Old Church Hall Youth Club,
- Do something constructive with the old Youth Club in Elms Road, other than more housing, maybe another modern community centre which could be used for showing films and theatre productions as well as community projects.
- Elm Road is crying out for improvement - I feel the old youth centre needs to be knocked down.
- It would be good to see the demolition of the seedy looking church hall in Elm Road and it replaced with affordable housing or some kind of endeavour that would benefit the community.
- Old youth club in elm rd for school use not money making greedy people
- Redevelopment of the unused buildings in Elm Road i.e. the old Co-op and the youth centre

Other areas

- A strategy for the derelict garden between the car park and surgery.
- Development of Ship Inn Site
- Find a decent use for the old NatWest
- redevelopment of Globe Inn
- Standish hospital preserved
- The building next to the school could be brought back to life. When I talk to long-term residents, I discovered that it was used for lots of things for all ages. It would make a lovely art centre in an accessible location. A great project for the Town Council, I think.
- The land between storehouse and M5 will be developed at some point (just see the Glos LEP Plans) so don't stick our heads in the sand and lets plan that how we want it , and maximise Section 106 and CILs funding.

- The old railway station coal yard site should be developed as a new railway station and hotel complex to attract visitors to the town and not as another housing development.
- Tidy up some of the scruffy areas e.g. old nailsworth line track where newts are, Midland Road railway area, Elm Road,
- Tidy up the hedge round the waste land by the car park - maybe get it opened as a public space.

Protect green spaces

- Need to protect any green spaces that are left and the green belt on our borders from development.
- This is a difficult one to answer. What we would not want to see is the Town expand over its surrounding green spaces.

EMPLOYMENT

- More local jobs the industrial estate mainly cater for workers from Bristol or Glos directions
- On the employment front there is room to create more industrial units in the Oldends Lane area to attract more business and create more employment for the area.

COUNCIL

- For councillors at all 3 levels to be more visible within the community
- Get rid of the Tories and get our services back
- More consultation with the community. Get out in the street and talk to people. Go and speak to community group. Ask the people what they want. There are too many egos on the council.
- More transparency from Stonehouse Town Council.
- Need to have pride in identity and not be swallowed up in SDC or Stroud plans.
- The Town Council should work with the schools to make more things to help families, now that money is so tight.

OTHER

- Bomb Stonehouse and start again
- Greater partnership working with existing businesses and Wycliffe College.
- High profile Chamber of Trade actively promoting the town.
- Linking people with growing their own food and cooking skills
- More dog bins around especially on industrial estate (reins haws side) there aren't any. A lot of people walk dogs around there as field is so muddy when wet.
- Not much hope for any as there is never any cash!
- What does the Stonehouse brand look and feel like?
